GOALS Goal #4 The LMT will create grade-by-grade technology portfolios to be showcased at faculty meetings.	Goal #4 The portfolio will give ideas to teachers about how technology can be integrated into the curriculum. Guide and assist the learning community in the use of new learning and technologies.	Goal #4 Brainstorm and collaborate with faculty to identify new uses of technology based LMT presentations that they can incorporate into their own classes.	Goal #4 Finished projects created by students, teachers, and administration.
